या कवितेमधल्या मुलाने, जीवनात योग्य निर्णय घेण्यासाठी देवाजवळ शक्ती मागितली आहे.

### **Lesson summary**

A little boy in this poem lives in a small village. There is no electricity in his village. People from his village have to travel to the city every day for work. They have to walk in the dark. The road is full of snakes and scorpions.

Moon shines at night. It is the only source of light on the dark road. But it cannot light up the whole path. Therefore the little boy wants to borrow light from the moon. He wants his father to return home safe and early. He wants to hear stories from his father.
