

2.3. The Twins

- Henry Sambrooke Leigh

ह्या कवितेमध्ये दोन जुळी मुले, त्यांच्यातील साम्य व त्यातून होणारा गोंधळ ह्याविषयी सांगण्यात आले आहे.

Lesson summary:

The babies born together or at the same time are called twins. The babies who look exactly like each other are called identical twins. This poem is about identical twin brothers. People always got confused with the twins in the poem. The nurse was confused when they were born. So she changed their names. In school, if one made a mistake the other got punished. One brother liked a girl but she married the other because of confusion. All through their life, this confusion continued.
