

ALL THINGS BRIGHT AND BEAUTIFUL – C.F. Alexander

This poem is a song praising the greatness of God who has created the beautiful world. God has created beautiful sunrises and sunsets, ripe fruits and flowers, rivers and mountains and birds & animals. He has given bright colours to little flowers & tiny wings to little birds. He also created the cold wind of winter and the pleasant sun of summer. The God Almighty has given us eyes to see all bright and beautiful things and lips to tell everyone about His creations. God is really great and we all should obey Him.
